Driving Accessibility through Affordable Education

Edgewood University believes that access to quality education should never be out of reach. With nearly a century of educational excellence, we've consistently evolved to meet the needs of our students. To further our mission, we're introducing a flexible "pay per month" model, allowing you to finance your future without the stress of upfront costs. With this tailored plan, you can now spread your tuition over your program's duration.

It's your education, your pace, your choice. Because at Edgewood University, success is about making it work for you.

Message from the Provost

The Doctorate of Business Administration program at Edgewood University builds on our great history of educating leaders for the business world. Our alumni tell us that their Edgewood University business degrees prepared them for the challenges of the business world through the professionally relevant experiences offered in our programs. Edgewood University members bring real world experience into the DBA courses, and their commitment to student success gives our students a distinctive advantage in their careers. Our DBA program offers a high quality, academically and professionally rigorous education that helps Edgewood University graduates build successful careers in business.

About the Partnership

To provide quality U.S. education to learners across the globe, Edgewood University has partnered with upGrad, a global higher education technology provider. Through this partnership, learners from around the world have the opportunity to learn from Edgewood University faculty. The programs taken by international students are delivered 100% online and hold the same accreditation and rigorous standards as the courses offered on Edgewood University campus and to domestic online learners. Within the partnership, upGrad serves as the point of contact for international student admissions, advising, enrollment, and payment. Most notably, Edgewood University has taken action to make its courses accessible to all students by implementing a scholarship program for international students.

What Makes Conducting Research in this Program Unique?

This program provides learners with the opportunity to work on Applied Doctoral Research (ADR). The ADR takes traditional dissertations a step further by ensuring that the students are building their research for business impact. Students can collaborate with industry experts, along with their dissertation supervisors. This enables them to develop solutions for real business challenges and build actionable execution plans, gaining leadership-ready skills valued by employers.

* This timeline is subject to the quality of the submissions and may get extended based on the advice of the learners' dissertation supervisors.

Meet the Faculty

Dr. Victoria Palmisano

Dr. Victoria M. Palmisano, has a PhD in Educational Leadership, an MBA, and a Masters in Legal Studies. She specializes in small business management and Intellectual Property and is the Associate Dean at Edgewood University.

Dr. Leigh Maxwell

Dr. Leigh Maxwell, with a PhD from Ohio State, is an Edgewood University associate professor teaching Communication Studies. Her research focuses on improving workplace communication, emphasizing ethics, fairness, and compassion.

Dr. Raj Kamal

Dr. Raj, with 25+ years of teaching and consulting experience, is a recognized and awarded educator. He consults with Fortune 500 and mid-size firms in manufacturing, software, finance, and healthcare.

Dr. Ken Kavajecz

Finance professor at Edgewood University since 2019, with over 25 years in higher education and former roles at UW-Madison and Wharton. Founded Phoenix Rising Advisory.

PwC Directorship & Board Advisory Certificate

The Directorship & Board Advisory Certification is a specialized executive program designed for professionals aiming to transition into board-level roles. Delivered in collaboration with PwC Academy, this immersive program cultivates strategic thinking, ethical governance fluency, and boardroom confidence through live sessions, real-world simulations, and expert-led masterclasses.

The program comprises approximately 20 hours of live lectures, conducted through masterclasses led by PwC experts. The batch schedule will be communicated to learners well in advance.

Program Outcomes

Practical Board Skills:

Develop boardroom fluency, strategic thinking, and key frameworks necessary for effective boardroom preparedness.

Stakeholder Influence:

Learn how to manage stakeholder expectations, enhance investor relations, and ensure strategic alignment with organizational vision and values.

Governance & Compliance:

Gain deep insights into Indian and global corporate governance standards, legal responsibilities, ethical conduct, and risk mitigation strategies.

Curriculum Overview

An Overview of the Modern Board

Introduction to the Board of Directors and modern boardroom dynamics, covering roles and responsibilities, legal obligations, disqualifications, powers, ethical frameworks, “officer in default,” D&O insurance, and other safeguards.

Corporate Governance, Ethics & Regulatory Frameworks

Explore global and Indian governance standards, best practices, participation frameworks, taxonomy, transparency, integrity, and ESG foundations.

Finance & Risk for Board Oversight

Understand strategic finance and risk, including directors’ responsibilities, red flags in financials, audit committees, internal controls, and related obligations.

Digital, Cyber & M&A Readiness

Examine the board’s role in digital transformation, AI, cybersecurity, and M&A evaluation, including regulator perspectives.

Independent Directors – Risks and Rewards

Learn about regulatory requirements for Independent Directors, enrollment in the Independent Director Databank, qualifications and disqualifications, code of conduct, related party transactions, and director responsibilities.

Stakeholder Engagement & Investor Relations

Master stakeholder mapping, effective communication, board dynamics, decision-making processes, investor expectations, and strategic engagement.

Final Project: Board Simulation & Readiness Presentation

A hands-on simulation project to demonstrate boardroom readiness and application of program learnings.

*(Topics are indicative and could be subject to minor changes)

Faculty

Manisha Narang

Manisha Narang, Subject Matter Expert, is a seasoned Company Secretary with over 20 years of expertise in corporate governance, regulatory compliance, board advisory, and cross border business structuring. She specializes in guiding boards, managing risk, enabling regulatory clarity, and supporting M&A, NBFC licensing, and global market entry for leading organizations.

Shekhar Chopra

Shekhar Chopra, Subject Matter Expert, is a qualified Company Secretary with 15+ years of experience in corporate governance, M&A, board advisory, and regulatory compliance. He has led governance frameworks, board evaluations, risk management, and shareholder engagement across top firms including Deloitte, EY, and SRL Diagnostics.

*List of all faculty teaching in the PwC program will be shared with the students before the start of the sessions

Outcomes: Transform Your Leadership Journey with DBA

The Doctor of Business Administration (DBA) program is designed to elevate your career and establish you as a recognized leader and innovator in the global business landscape. Our unique offerings go beyond traditional academic learning to provide tangible, real-world advantages.

1 Board Advisory Certification with PwC Academy: A Seat at the Table

Gain unparalleled readiness for boardroom roles with a first-of-its-kind certification from PwC Academy. This exclusive offering is integrated into the DBA program and provides:

Influential Decision-Making: Learn to shape an organization's future by influencing key decisions.

Multi-Board Impact: Drive impact across various industries by preparing to serve on multiple boards.

Leadership Mentorship: Leverage your experience to guide and mentor current and future leadership.

Enhanced Visibility & Prestige: Increase your standing and recognition in the business community.

Practical Boardroom Skills: Master real-world scenarios through simulations, investor cases, and red flag drills.

Expert-Led Training: Learn directly from PwC and corporate governance experts.

Co-Branded Certification: Earn a co-branded certificate that signifies your boardroom readiness.

Strategic Governance Insight: Develop a deep understanding of board dynamics, compliance, and ESG responsibilities crucial for modern board leadership.

2 Idea to IP: Where Research Meets Real-World Impact with Patent Guidance

Distinguish yourself by transforming your innovative ideas into protected intellectual property. This exclusive offering provides

End-to-End Patent Support: Receive comprehensive guidance from idea validation to filing, all the way until the patent grant is issued.

Faculty-Led Guidance: Benefit from expert-led support, with faculty guiding you through patent search and application drafting.

Protected Innovation Portfolio: Build a robust portfolio of protected innovations to enhance your leadership profile.

Industry Connections: upGrad connects you with leading IP consulting firms for guidance at every step.

3 Amplify Your Research: Publish With Purpose

Turn your research into recognized thought leadership and establish academic credibility. This outcome-driven approach includes:

Refined Research for Publishing: Receive guidance from experienced faculty to refine your research for academic publication.

Strategic Journal Placement: Discover the most suitable platforms and journals to meaningfully publish your work.

Enhanced Visibility & Credibility: Build academic visibility and credibility that distinguishes you in leadership roles.

Expert Mentorship: Get faculty mentorship to refine your work, identify publishing platforms, and broaden your research impact.

4 Become a Published Thought Leader: Write Your E-Book, Publish & Inspire

Establish your authority and inspire others by becoming a published e-book author. This unique opportunity offers:

Structured E-Book Creation: Craft your e-book with ongoing faculty feedback and structured support.

Global Publishing Access: Publish your e-book on leading digital platforms like Amazon with guided support.

Strengthened Personal Brand: Significantly strengthen your personal brand and influence within your industry and beyond.

Faculty Guidance: Receive expert faculty guidance to shape your ideas, gain feedback, and successfully publish.

5 Not Just a DBA; Join an Exclusive Leadership Circle

Expand your network and gain invaluable insights by learning alongside an elite group of senior executives. This program offers:

Cross-Industry Collaboration: Collaborate with senior executives from diverse industries and geographies.

Fortune 500 Perspectives: Gain unique perspectives from CXOs and VPs at Fortune 500 and other global companies.

Elite Learning Network: Become part of an exclusive learning network that fosters leadership and growth.

High-Caliber Peer Group: Interact with a high-caliber peer group, including CXOs, VPs, and Directors from top organizations.

Networking and Peer Learning Opportunities

Optional On-campus Immersion

Network in person with faculty and peers, while building critical 21st century skills such as communication, strategic thinking and building high-performance teams*

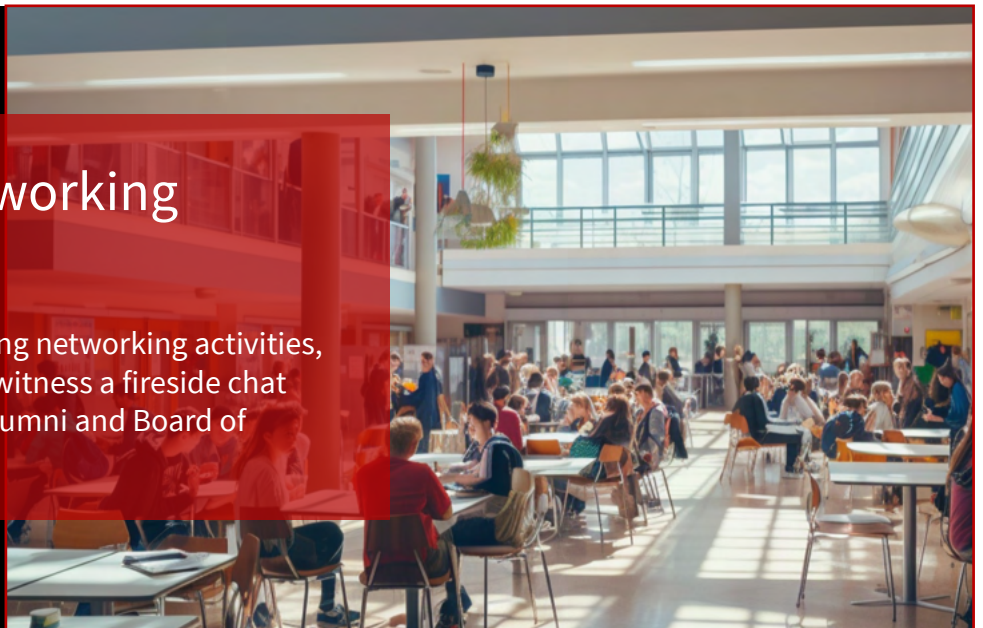

5 Days

Online Networking Gala

Participate in exciting networking activities, panel discussions, witness a fireside chat with Edgewood's alumni and Board of Advisors, and more

1 Day

*Participation in the on-campus immersion will be subject to visa approval of the students
